

COVID-19 Health and Safety Policy

We are a community first, and a restaurant second. The virus that causes COVID-19 can be spread to others by infected persons who have few or no symptoms. And as a community we need to work together to help ensure the health safety of our community.

We are following the federal, state, and local guidelines to help ensure your safety and the safety of our staff and volunteers. As a result, we are adopting the following minimum health protocols. These minimum health protocols are not a limit on the health protocols that individuals may adopt. Individuals are encouraged to adopt additional protocols consistent with their specific health needs and circumstances.

Personal Health

Our commitment:

Our staff and volunteers will be in masks, each will complete a daily self-health screening, and every staff member and volunteer will have their temperature checked at the start of every shift. In addition, we will continue to meet our local health department standards for safety and sanitation.

We as guests to:

Guests and visitors should self-screen before joining us at Taste Community Restaurant for any of the following new or worsening signs or symptoms of possible COVID-19:

- | | |
|---|--|
| <input type="checkbox"/> Cough | <input type="checkbox"/> Loss of taste or smell |
| <input type="checkbox"/> Shortness of breath | <input type="checkbox"/> Diarrhea |
| <input type="checkbox"/> Chills | <input type="checkbox"/> Feeling feverish or a measured temperature greater than or equal to 100.0°F |
| <input type="checkbox"/> Repeated shaking with chills | <input type="checkbox"/> Known close contact with a person who is lab confirmed to have COVID-19 |
| <input type="checkbox"/> Muscle pain | |
| <input type="checkbox"/> Headache | |
| <input type="checkbox"/> Sore throat | |

Guests and visitors, over the age of 10 years, are asked to don face coverings when not actively eating or drinking. This includes donning a face covering when rising from the table to use the restrooms and when departing. The face covering should cover the nose and mouth. If you do not have a mask or face covering, one will be provided to you. A face covering is not required if wearing a face covering poses a significant mental or physical health risk.

Guests and visitors should exercise good hand washing and hand sanitation. Hand washing is available in the restrooms and hand sanitizer is available for guests at the host stand.

Social Distancing

Our commitment:

Our tables are spaced 6 feet apart and our seating times are staggered throughout our service times. Additionally, carry-out service remains curbside.

We ask guests to:

We ask all guests to maintain social distancing from other guests at all times (even with the appropriate use of face coverings); and significant and active effort should be used to avoid encroaching on the space of other guests. Guests and visitors are encouraged to make reservations in advance; and, if waiting for a table, to wait outside and maintain social distancing (even with the appropriate use of face coverings).

Open for Good

Our commitment:

We are committed to feeding, educating, and serving our community so they may, "...taste and see the Lord is good" (Psalm 34:8). In addition, we are committed to good stewardship of our limited financial resources to ensure we are open for good.

We ask guests to:

We ask guests and visitors to adhere to this policy to avoid a \$1,000 business fine (per incident) that will limit our ability to serve those in need. We also ask guests and visitors to support our staff and volunteers when reminded of aspects of this policy. And we will ask guests and visitors to leave the premises when unable to support this policy. Our carry-out service is available when guests and individuals are unable to support this policy.

This policy is effective immediately and is to remain in effect until further notice.
